

Woodworking specialty clamps

Mini-vise, handscrew clamps, panel carrier

The portable mini-vise clamp, S-10, is ideal for holding round, rectangular and odd shaped objects. The non-marring jaws are glue resistant. You can clamp the S-10 to flat work surfaces using the TK-6 table clamps, included.

1 Parallel clamping

With guide rods, the S-10 mini vise is ideal for small jobs that need parallel clamping.

2 Clamping at an angle

When the S-10 is used without guide rods, the clamp is a useful tool for clamping at angles.

3 Easily mounted

Use the TK-6 Table Clamp to attach the S-10 to a table top to hold securely.

TK-6 included

Portable Mini-Vise Clamp

BESSEY® Mini bench vise for parallel clamping with guide rods in place. Can be clamped to work surface with TK 6 table clamps. Includes bench vise and two TK 6 table clamps.

	Jaw Width	Clamping Capacity	Approx. Weight
S-10	3 5/8"	4"	1.80 lb
TK-6	Holds vise clamps to flat work surface		

Wood handscrew clamps, HS

It's the perfect clamp for gluing; adjustable jaws for a strong grip or delicate for those small projects. The oiled wooden jaws won't damage or slip on your workpiece. The wood handscrew clamp is held together by cold-drawn, carbon-steel spindles and swivel nuts. Large handles for comfort and torque.

	Jaw Length	Clamping Capacity	Throat Depth	Spindle Diameter	Approx. Weight
HS-6	6"	3"	3"	5/16"	1.00 lbs
HS-8	8"	5"	4"	7/16"	1.80 lbs
LHS10	10"	7"	6"	7/16"	2.24 lbs
HS-12	12"	9 1/4"	6"	7/16"	3.85 lbs

Panel carrier, KF

Safely transport panels with the BESSEY® panel carrier. The jaws have a high-friction rubber coating that can withstand up to 150 lbs of carrying weight.

	Opening	Approx. Weight
KFP 4102057	1/2" - 2 1/2" Service part (2)	2.2 lbs
